FROM THE MANAGER

Seasons greetings to our readers! It's that time of the year again when the twinkling lights, happy cheers and sounds of Christmas carols put us in the holiday spirit. Jabi Lake Mall is pleased to present you with the second edition of The Jabi Lake Mall Journal, our quarterly magazine designed to showcase the spectacular brands we have under our roof. In this issue, the focus is holiday oriented which promises to be entertaining and informative - showcasing the best of what to do, what to shop and where to eat in store. You'll find topics of interest covering lifestyle and culture, and insights into the distinctive shopping experience which all our visitors enjoy at Jabi Lake Mall.

Personally, this is my favourite time of the year because, really, who doesn't like to be merry? And as we draw towards the end of 2019, I cannot help but reflect on what a wonderful year it has been here at Jabi Lake Mall, with many moments of note for the company: the release of our new Journal, the installation of the solar panels as we committed to going green and the hosting of the first ever Virtual Reality Museum that brought to life Nigeria's independence history, to name but a few highlights. I would like to take this opportunity to sincerely thank our loyal shoppers for patronizing us tirelessly for the past 5 years and also welcome new visitors to "Join our Circle" at Jabi Lake Mall. Special thanks also goes to all our staff at the centre, who have worked diligently throughout the year to provide nothing short of quality service to our customers - a feat we take much pride in and are always working on to improve. As we step into 2020, I wish you all a Happy Holidays and a very prosperous New Year. I hope the festive season brings you much joy.

GETTING TO KNOW

Introducing the faces behind our most popular brands instore

Family entertainment centre MAXTIVITY was founded by friends of 20 years, Mope Abudu and Kemi Osinibi, as a response to the lack of varied entertainment services available to children in Nigeria. Today MAXTIVITY provides interactive entertainment concepts for families comparable to anywhere in the world, with a unique variety of indoor and outdoor games. Here, CEO of MandK activity, Kemi Osinibi shares more about the vision behind the brand and a sneak peek of their plans for the holiday season.

What inspired you to start up the MAXTIVITY Family Entertainment Centre?

MAXTIVITY was inspired by a dearth of entertainment places for families after returning to Nigeria from the UK in 2009. I have five children ranging from 6 - 22 years old. We could not find a place where we could all have fun, laugh and play together as was the standard in the UK. We began our feasibility study in 2013, and our first center launched December 2016 in Jabi Lake Mall, Abuja. We opened our second location in Circle Mall, Lekki, Lagos in 2017. We plan to have three new locations in the next three years.

Describe the brand. What does MAXTIVITY stand for?

MAXTIVITY stands for MAXIMUM ACTIVITY! We offer a VARIETY of attractions for families with kids and teens looking for a safe, thrilling and convenient location to play, laugh and celebrate together, at an affordable price. It's important that we value play and interaction as integral to family life and our core pillars are FAMILY, ATTRACTIONS & QUALITY.

Who is your demographic?

Families with kids & teens, young adults and schools.

What is the most popular activity you have at MAXTIVITY?

I would say the Bumper Cars & Trampolines. However, Birthday Parties are KING!

Any favourite games that you enjoy together with your family?

Trampolines and Virtual Reality - Fitness and Horror! What a unique combination....that's MAXTIVITY. Where FUN meets FAMILY!

Do you offer anything curated to entertain larger groups?

Birthday packages for celebrations - we can accommodate up to 70 people. As well as, school excursion packages - we have entertained almost 3000 school children in the last two years.

What are your holiday plans at MAXTIVITY this year?

Xmas time is our favourite time of the year! Just to see families with happy, smiley faces! We will of course have our Santa's Grotto with great prizes, in conjunction with Jabi Lake Mall. We also plan to showcase new machines to provide new thrills. We are planning a Xmas Day for all our loyalty card customers, giving them a free day! We will be giving out more information closer to the time.

INTERVIEW WITH A SHOPPER

A regular shopper at the mall, Princess Soso Daniel Kalio Buzugbe, shares some thoughts on her favourite experiences at the mall.

Why do you choose to shop at Jabi Lake Mall?

The shops and the ambience! It is my go-to place, anytime I am in Abuja. A one-stop-mall for everything. A place to let your hair down.

What is your favourite store at Jabi Lake Mall?

I love African prints and there are many stores that stock African print fabrics as well as ready-to-wear outfits, so I always check them out to find beautiful unique pieces.

What's been your most memorable experience with us?

I recall my husband taking me to the mall when it first opened.

It is set in such a lovely and serene location.

How do you spend your Christmas holidays?

Always as a family regardless of what the activity is. Christmas is a time you spend with loved ones, unplug from work, set New Year resolutions and catch your soul back in God's word!

What gifts will get your family this year?

Christmas cakes to clothing, perfumes and what have you. Anything that tickles my fancy!

TRAVEL INNOVATION

What you need to know about travelling with UBER this holiday season

For those of us who regularly have to hop in and out of taxis from the start of our day in the mornings either heading to work five days a week or shuttling between errands on weekends, the use of public transport in Nigeria can be a tiresome burden, expensive and not to mention the safety concerns. Yet in 2014, the taxi hailing company, UBER launched in Nigeria bringing the international concept of a travel technology platform to two major cities within the country: Lagos and Abuja.

The spirit behind UBER is straightforward. It was the simple idea of “how can you push a button and hail a taxi ride?” put forward by

two founders in Paris 2019, that developed into a global success, forever changing the way people around the world are commuting and travelling through the use of mobile technology.

The innovative UBER App has eliminated all those previous concerns for the time it saves and the simplicity of its service. The app connects riders and drivers through GPS and alerts the closest driver to the pickup request. All transactions for services rendered are acquired through the app, so you don't have to go through the trouble of haggling with your driver. A fast and easy way to arrange transportation from one location to the next.

SAFETY PROCEDURES

And for those of us that are looking to travel over the coming holiday season, whether nationally or internationally, gone are the days when you would worry about the stress of arranging airport pickups, especially in countries where you might experience a language barrier. UBER has gone to great lengths to maintain safer experiences during customer travels, ensuring that they perform thorough background checks on every potential driver before they're allowed to accept ride requests through the app. As such, when you request a ride with UBER abroad, you can rest assured that the driver has been verified by the company, wherever you are. This also applies to

their vehicle, which must pass an independent annual inspection to ensure they are safe to drive.

Furthermore, one of the best things about using UBER abroad is that you can use the same app to request a ride in over 600 cities where UBER has a presence. This means you don't have to ring up a local service or download a different app to get where you need to be. Just do what you always do on the UBER app, and you'll soon be on your way without too much thought or planning.

GROUP TRAVEL

Since the arrival of UBER six years ago, many new features have been introduced to help you organise stress-free and convenient transport during any of your travels, including the options of booking an UBERXL, which is perfect for a large family or groups travelling together. Offering affordable rides in vans and SUVs for groups of up to 6 people or more space to those who have extra luggage to carry with them. You can also ride in style using the Lux option that features stylish, luxury high-end cars for special occasions and moments when you want to splurge and celebrate on your holiday.

TAXI SHARING

Many taxi services are offering ride sharing apps as well, but they are not as widespread worldwide or as efficient as UBER. The UBER-Pool feature matches your travel request with riders heading in the same direction for you, so you can share the cost of the ride with others. Also, by having less cars on the road, using the Pool option means you are doing your part for the environment and reducing pollution and the amounts of carbon dioxide being released into the air.

When you order your Pool trip on the app, you will be directed to a nearby pick-up point

“One of the best things about using UBER abroad is that you can use the same app to request a ride in over 600 cities where UBER has a presence.”

where you can meet your driver after a short walk, of no more than 250 meters or 4 minutes. Along your route, your driver may pick up other riders to fill up any spare seats in the car, but you also have the option of riding Pool with a friend (however, for any more than 2 passengers, we recommend travelling by UBERX or UBERXL).

BOAT RIDES

In Nigeria, UBER is expanding their services to include boat rides in Lagos. “This initiative is aimed at providing commuters with an easy and affordable way to get in and out of

city's business districts,” UBER said in a statement. Perfect for commuters seeking to avoid the megacity's notoriously congested roads or those on staycation in the city, looking for a weekend cruise through the waterways of Lagos. Currently, this feature is being tested out as four trips a day, carrying up to 35 people per boat during the pilot phase. However, with its success, there will be further expansion plans available to even more travellers.

Note: The availability of certain features will vary by region. You can visit the UBER Customer Service Office at Jabi Lake Mall for further enquiries.

FINE DINING

Prepare for the creative offerings of Cilantro restaurant

We speak to **Radjendran Tirounavooucarasso**, Managing Director of Cilantro about the history of the restaurant and the secrets to their appetite whetting menu.

JLM: Give us a brief history of Cilantro Restaurant.

Radjendran: Cilantro was established in February 2011 at Tahir Guest Palace in Kano and now we have another one in Maitama, Abuja. We do also have other restaurant brands like Jalsa, Corner Grill, The Vue, Pondicheri and Bombay to Beirut.

JLM: What does the Cilantro brand stand for?

Radjendran: We have kept things simple and pure at Cilantro. Consistently serving great food at affordable pricing with friendly staff and a comfortable atmosphere. We will always be sensitive, flexible and alert to our guests needs, aiming to make our customers our friends for life.

JLM: Tells us why Jabi Lake Mall was chosen as a business location for Cilantro.

Radjendran: In Abuja, Jabi Lake Mall is the most happening place with a wonderful outdoor food boardwalk facing the lake. It was a natural choice for us to be a part of the evolving boardwalk at the mall.

JLM: What inspired you to go into the restaurant business?

Radjendran: Basically, I am a Pharmacist with a Post Graduate Degree in Management. I had spent the last two decades in Pharmaceutical Marketing and Product Development. The only knowledge of the restaurant business I had was being a regular visitor to most of the restaurants in Nigeria. However there was always a passion in me towards starting a restaurant. In a flash I decided to start a restaurant, partnered with my friends and thus we are into the food business today.

JLM: What's the favourite/popular item selling on Cilantro's menu?

Radjendran: There are many. To name a few, in Appetizers - Chicken 65, Hot Garlic Jumbo Prawns, In Grills - Assorted Non-Veg Platter, Fish Tikka, in Curries - Butter Chicken and Goan Fish Curry.

JLM: Service is key. How does Cilantro motivate their staff to keep a constant customer service ethic?

Radjendran: Training and more training. Our service staff undergo continuous training to take care of our esteemed customers. All the staff are trained on Safety, Sanitation, Personal Hygiene and Customer Handling. We do give better growth prospects to all our staff to enable them climb the organizational ladder based on their performance.

JLM: Do you have any other plans you would like to tell us about?

Radjendran: We are opening Cilantro Lake View in Jabi Lake Mall this November and Cilantro Lagos in Victoria Island, Lagos by January 2020 and work is in progress at both locations. We are also working on a rooftop restaurant Bombay to Beirut (B2B) in Abuja. We can assure you that we will be in the forefront in changing the way restaurants operate in Nigeria.

JLM: What other countries do you have restaurants?

Radjendran: At present we operate only in Nigeria. But we are looking to open restaurants in Nairobi, Kenya and Accra, Ghana in the future.

JLM: What is the secret of making everything so delicious?

Radjendran: Restaurants can be operated more as a passion, than a business. You have to find more time to give personal attention and care to customers. We are glad our guests like Cilantro food. We do put all our efforts towards the quality of our dishes.

OUTREACH

#10YEARS TOOMANY
HOLDING ON
EXHIBITION

An Immersive Experience of Internal Displacement – 10 years of crisis in North-East Nigeria. A virtual reality exhibition organized by the United Nations #10YearsTooMany.

The International Organization for Migration (IOM) supports humane and orderly migration in Nigeria and around the world. IOM - UN Migration Agency has worked in the West African country since 2002.

In 2018, 16,672 individuals received livelihood assistance from IOM. They continue to impact the lives of internally displaced persons and communities affected by the crisis that started 10 years ago in north-east Nigeria. #10YearsTooMany.

In 2019 alone, more than 130,000 people have been displaced in Adamawa, Borno and Yobe States. These thousands of stories often remain untold. In order to draw people closer to these testimonies, we must explore new ways of storytelling. Using virtual reality technology, the Holding On exhibition transports viewers into the homes and communities of internally displaced Nigerians who share the evocative stories of their displacement and the significance of the single possession they are Holding On to. These items - a t-shirt, a photograph - are the physical representations of the world they have lost. For many, they embody the promise of return.
